Overview

The OTHM Level 5 Diploma in Project Management is a UK-regulated qualification that develops learners' practical skills in planning, executing, and managing projects effectively.

It provides a strong foundation in project lifecycles, leadership, risk management, budgeting, and stakeholder engagement — preparing learners for academic progression and managerial careers.

AIM

The program aims to provide learners with a comprehensive foundation in project management, enabling them to understand key concepts, apply modern tools and methodologies, and develop strong analytical, leadership, and communication skills.

It also prepares participants to pursue higher academic studies or advanced professional certifications in project and business management.

OBJECTIVES

- Understanding the fundamental concepts and specialized terminology in project management.
- Applying modern project management tools, methodologies, and best practices in real-world situations.
- Developing critical thinking, analytical, and problem-solving skills for effective project planning and execution.
- Enhancing time management, leadership, and teamwork abilities within multidisciplinary environments.
- Preparing to pursue advanced studies or professional certifications in project and business management.

👉 Core Study Units

- Principles of Project Management
- People Management
- Introduction to Business Finance
- Fundamentals of Management in Projects
- Business Marketing
- Personal and Professional Development
